Roundup Ready® Hybrid

Hybrid Features

- Very early flowering and superior harvest intactness
- Hybrid features Roundup Ready® *crop safety yield advantage*
- Dent grain for enhanced drydown
- Excellent stalk strength
- Very good test weight and grain quality

Positioning/Management

Dent grain with excellent drydown. Higher plant populations will maximize yield potential given fixed ear types. Excellent stalk strength. Performs on all soil types. Check with PRIDE Seeds for a list of key competitors to position against.
