

AAC Cameron VB

Canada Western Red Spring

Top yield with resistance to the orange blossom wheat midge

- One of the highest yielding CWRS variety
- Best FHB resistance*
- Varietal blend with Carberry as midge susceptible refuge

YIELD PERFORMANCE

OVERALL CHARACTERISTICS

Maturity	Mid
Height	Tall
Growing Zone	Midge areas of SK
Lodging Resistance	Very Good
FHB	I
Stripe Rust	S
Leaf Rust	MR
Stem Rust	MR

* MCVET FHB and DON study conducted over the past six years

AAC Cameron VB
