

AAC Comfort

Green Pea

A new green pea option with excellent quality attributes, rounder seed and bleaching tolerance.

- Excellent yield potential
- Rounder seed shape (less blocky than Cooper)
- Good green color intensity and bleaching tolerance

Seed Size (TKW)

OVERALL CHARACTERISTICS

Maturity	Early
Vine Length	Short
Growing Zone	All pea growing areas
Lodging Resistance	Very Good
Seed Coat Breakage Resistance	Very Good
Powdery Mildew Resistance	R
Fusarium Wilt Resistance	MS

AAC Comfort

Technical Information

Seed Manitoba - 2020

Variety	Yield % CDC Meadow	Years Tested	Vine Length (cm)	Lodging	TKW (g)	Relative Maturity	Bleaching Tolerance	Powdery Mildew	Fusarium Wilt
