

AC™ Radiant

Canada Western Red Winter

A milling winter wheat suited for growing regions with low incidence of rust

- Good yielding potential
- Great winter hardiness
- Very good straw strength and lodging resistance

YIELD PERFORMANCE

AC Radiant	100%
CDC Flourish	100%

OVERALL CHARACTERISTICS	
Maturity	Late
Height	Short
Growing Zone	Western Prairies with low rust incidence
Winter Hardiness	Very Good
FHB Resistance	S
Stripe Rust Resistance	MS
Leaf Rust Resistance	S
Stem Rust Resistance	S
