

Technical Bulletin

ACTM Radiant

Canada Western Red Winter

A milling winter wheat suited for growing regions with low incidence of rust

- Good yielding potential
- Great winter hardiness
- Very good straw strength and lodging resistance

YIELD PERFORMANCE

AC Radiant	100%
CDC Flourish	100%

OVERALL CHARACTERISTICS		
Maturity	Late	
Height	Short	
Growing Zone	Western Prairies with low rust incidence	
Winter Hardiness	Very Good	
FHB Resistance	S	
Stripe Rust Resistance	MS	
Leaf Rust Resistance	S	
Stem Rust Resistance	S	

 $[\]ensuremath{^*}$ the value represents the average number combining Seed Guide data.
