

Exceptional Standability!

Growing Zone	Maturity	Height	Lodging	Disease Rating
LONG	+2.0 days ¹	Medium-Tall	Excellent	R to Blackleg R to Fusarium

- The best standing hybrid on the market
 - We are known for the excellent standability of our canola. CANTERRA 1970 is a prime example of why!
- *“We were blown away by it – the agronomics were excellent, it stood well, yielded awesome, and was easy to swath and combine.”* Tim Johnson, Tween Lake Farms, Hyas, SK
- Yields 100% of 5440²

Performance Overview

- 1: 2008-2009 WCC/RRC, +/- days 46A65
- 2: 2010 and 2011 YieldWorks and Demonstration Trials

Monsanto Company is a member of Excellence Through Stewardship® (ETS). Monsanto products are commercialized in accordance with ETS Product Launch Stewardship Guidance, and in compliance with Monsanto's Policy for Commercialization of Biotechnology-Derived Plant Products in Commodity Crops. This product has been approved for import into key export markets with functioning regulatory systems. Any crop or material produced from this product can only be exported to, or used, processed or sold in countries where all necessary regulatory approval have been granted. It is a violation of national and international law to move material containing biotech traits across boundaries into nations where import is not permitted. Growers should talk to their grain handler or product purchaser to confirm their buying position for this product. Excellence Through Stewardship® is a registered trademark of Excellence Through Stewardship. ALWAYS READ AND FOLLOW PESTICIDE LABEL DIRECTIONS. Roundup Ready® crops contain genes that confer tolerance to glyphosate, the active ingredient in Roundup® brand agricultural herbicides. Roundup® brand agricultural herbicides will kill crops that are not tolerant to glyphosate.
